Mounting Options

RMX is the only company in the world that manufactures both the hoses and the auto retractable reels that they go on. The AG-Lite heavy-duty retractable reels are constructed using 18ga steel which is then powdered coated, giving it superior to rubbing, flaking and rust. These reels are equipped with a powerful, heavy duty steel spring along with a class leading 12pt ratchet system that helps lock out the hose at shorter lengths and also enables a smooth auto rewind. The reels also feature a rubber gasket for extended life of the spring. These reels carry an unmatched 2-year warranty.
