

COUPLERS & PLUGS

Simplify your watering routine with our Quick Connect Plug. Crafted from robust 3/4" solid brass and designed with standard GHT fittings, it effortlessly attaches to the female 3/4" ends of watering tools like spray guns and sprinklers, complete with a pre-installed coupling on the other side. This Quick Connect feature streamlines the connection process, ensuring easy use, particularly for individuals dealing with arthritis or limited hand and joint mobility. Make watering a snap with our product.
