## Spiral Water Hoses

## Home & Garden Industry

The Avagard Recoil Water Hose comes in a spiral shaped curly design that is flexible and recoils easily. It is crafted with a high-grade elastomeric EVA material, ensuring longevity and flexibility. It can stretch up to 80% of its original length and naturally springs back into place simplifying storage! The Avagard Recoil Water Hose is built to withstand outdoor conditions (e.g., heat, UV, etc.), ensuring your hose remains resilient through all seasons. The fittings are made with corrosion resistant nickel-plated brass and are protected by Spring Sleeves on both ends, eliminating unwanted kinks and tangles. The Avagard Recoil Water Hose comes equipped with a heavy-duty thermoplastic rubber washer in the fitting, ensuring leak free connections. This hose is perfect for decks, gardening, boats and RVs related usage.

## Lightweight and More Flexible

**150 PSI Working Pressure / 400 PSI Burst Pressure**

- ✔ Stainless steel spring guard on both ends
- ✔ Stop valve to control water flow without reaching faucet
- ✔ Stainless Steel Spring Sleeves on both ends
- ✔ Space-saving coil design
- ✔ Ozone resistant | Abrasion resistant | Kink resistant
- ✔ Ideal for decks, gardening, boats & RVs

**150** PSI Working Pressure
