Lead-in Air Hose

Best in Class !

100% RUBBER

Ideal for connecting supply lines,
hose reels, compressors,
and other system components

- 3/8" Male NPT connections
- Extreme weather flexibility
- 40% Lighter than traditional rubber lead-in hoses
- Abrasion resistant
- Kink resistant core design
- 300 PSI working pressure
- 1200 PSI burst pressure

Available
Hose I.D. (in.): 1/2, 3/8

Available
Hose Length (ft.) : 3

Best in Class !

Safest | Strongest | Most Flexible

Blubird Lead-in hoses are 40% lighter, stronger and more flexible than other rubber hoses. Blubird hoses have superior cold weather flexibility down to -50°F and maintains its integrity up to +190°F making it a year round hose in most parts of the world. BluBird hoses have an abrasion resistant external cover, high strength woven polyester reinforcement to prevent elongation and adds superior strength giving the BluBird hose 300 PSI working pressure and a 4:1 safety burst factor of 1200 PSI.

Connects Air Hose Reel To The Compressor

- 40% Lighter than standard rubber air hoses
- High strength polyester woven braided reinforcement
- Maintains integrity under extreme weather conditions
- Ozone resistant | Abrasion resistant | Kink resistant
- Solid brass fittings that are superior to aircraft aluminum fittings
- 4-Fingers bend restrictor protects the fittings from damage & offers better control over the hose

Flexibility in extreme conditions from -50°F to +190°F

1200 PSI burst pressure

300 PSI working pressure

4:1 Safety factor
