Mounting Options

RMX is the only company in the world that manufactures both the hoses and the auto- retractable reels. The BluBird heavy-duty retractable reels are constructed using 18g steel which is then powder-coated giving it superior resistance to rubbing, flaking and rust. These reels are equipped with a powerful, heavy duty steel spring along with a class leading 12pt ratchet system that helps lock out the hose at shorter lengths and also enables a smooth auto- rewind. The reels also feature a rubber gasket. BluBird reels are available in both single and dual-arm versions. These reels carry an unmatched 2-year warranty.
