

ALL-IN-ONE AIR HOSE REEL

*Unmatched Versatility,
Unrivalled Performance*

Corrosion-Resistant Construction

Constructed with powder-coated steel for ultimate corrosion resistance, ensuring durability and longevity in various environments

Adjustable Guide Arm

Single adjustable guide arm facilitates easy positioning of the hose, providing convenience and flexibility during use

Stable Support

L-Shaped base with groove reinforcement offers stable support for the reel, ensuring reliable performance in shops and garages

Brass Swivel Joints

Brass swivel joints at the hose inlet connection protect against leaks, ensuring a secure and reliable hose connection

Versatile Mounting Options

Can be mounted on the floor, wall, ceiling, etc., providing flexibility in installation and usage

Reel Stopper & Non-Snag Rollers

Reel stopper and 4 non-snag rollers reduce hose abrasion, prolonging the life of the hose and ensuring smooth operation

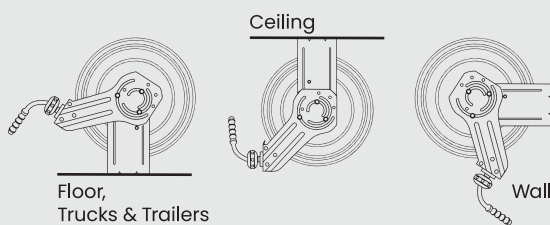

Experience superior hose management with the BluBird All-In-One Reel

ALL-IN-ONE AIR HOSE REEL

BluBird introduces the All-In-One Hose Reel, combining cutting-edge technologies to provide a versatile, convenient, and safe hose management solution. Engineered with durability and functionality in mind, this reel sets a new standard in the industry. Ideal for various settings including industrial facilities, workshops, or residential spaces. Crafted with high-quality materials, withstands 300 PSI working pressure, and temperatures from -50°F to +190°F. Additional features include a 180 Degree Swivel Mount for enhanced flexibility, a 5-in-1 Coupler for simplified hose connections, and a 1/2 Inch Socket Wrench for convenient assembly and maintenance.

Mounting Options :

Floor,
Trucks & Trailers

Wall

Additional Accessories Included

Whisper-Quiet Technology

Enjoy a quieter operation with reduced noise levels during hose retraction, ensuring a more comfortable working environment

1/2" Socket Wrench

Included for convenient assembly and maintenance tasks

5-In-1 Coupler

Simplify hose connections with a versatile coupler accommodating different hose sizes

Slow Safety Rewind

Retract hoses at a controlled speed to minimize the risk of high-impact rewind, ensuring safety and longevity of the reel

180° Swivel Mount

Enhance flexibility with easy positioning in various directions
