

BluBird® Rubber Wheel Chock

Heavy-duty rubber constructed wheel chock for lasting life

This Double-Sided Rubber Pyramid Chock allows for fast and easy placement from either side of the tire. Made of heavy-duty rubber with nonslip ridges for a superior grip, the chock is UV-, oil-, salt- and acid-resistant, making it ideal for use in situations with corrosive chemicals. The wide base provides increased stability and rigidity. The included eyebolt makes it easy to carry or to link two chocks together. Sold individually.
