## REEL MOUNT BRACKET

This Mounting Bracket is, aptly named for its diminutive size, and is designed to be small yet mighty. The hole patterns on the bracket allows on the spot mounting for small, medium as well as large PW hose reels. It is sturdy enough to hold your hose reels in place. The Bracket can be fixed on a Gondola in an upright position of your choice. With hooks on back of the bracket you only need to place or remove the reels while the bracket will stay put wherever you install it.

- ✓ Secure Locking Mechanism
- ✓ Quick and Easy Installation
- ✓ Durable Steel Construction
- ✓ Increases Maneuverability & ease of use
