BluBird Swivel Bracket 360° Reel Mount

Black

360° Swivel Bracket Reel Mount

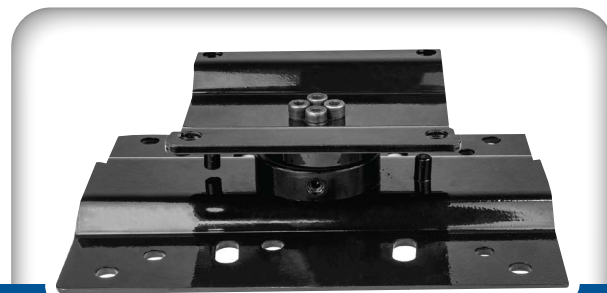

**360° Of Smooth Reel Control
Engineered For Maximum Flexibility**

Installation Process:

- **Mark Drill Points:** Position the mount on a flat, stable surface and mark the anchor points.
- **Secure the Mount:** Drill holes and fasten the bracket using heavy-duty anchors and bolts.
- **Attach the Reel:** Align the hose reel with pre-drilled holes and secure using provided fasteners.
- **Test Movement:** Ensure the swivel motion is smooth and stable before use.

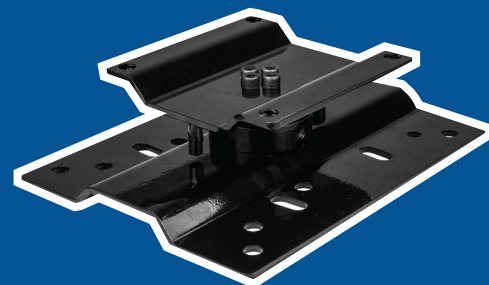

Compatibility & Applications

- **Material:** Mild Steel (MS), powder-coated for corrosion resistance
- **Mount Type:** Floor Mount with 360° non-continuous swivel
- **Compatible Reel Sizes:** Small SA, Medium DA, Small Wide SA, Medium SA, Large SA, XL DA
- **Max Weight Capacity:** 80 kg (176 lbs)
- **Surface Finish:** Glossy powder-coated black
- **Mounting Holes:** 4 pre-drilled holes, 12mm diameter
- **Fasteners Included:** M10 x 25mm (4 pieces)
- **Operating Temperature:** -40°F to 150°F

Key Features & Benefits

- **360° Swivel Action:** Access your hose from any direction with smooth, controlled rotation.
- **Heavy-Duty Durability:** Constructed from powder-coated carbon steel, ensuring corrosion resistance and long-lasting performance.
- **High Load Capacity:** Supports up to 80 kg (176 lbs), making it ideal for professional and industrial applications.
- **Universal Compatibility:** Fits a wide range of hose reel sizes from 1/4" to 1/2" hose diameters.
- **Fast & Secure Installation:** Comes with pre-drilled mounting holes and includes all necessary fasteners for quick setup.

Box Includes
