

ALL-IN-ONE AIR HOSE REEL

*Durable Defense for
Demanding Environments*

Single-Arm Heavy Duty Assembly

Designed for stability and durability, ensuring smooth retraction and operation.

50' Rubber Hose

3/8" diameter hose provides flexibility and excellent airflow for air-powered tools.

Weather-Resistant

Built to withstand outdoor environments and extreme conditions.

Smooth Retraction

Easy to use retraction system for tangle-free storage and extended hose life.

Durable Construction

Heavy-duty build to ensure long-lasting performance in tough environments.

Versatile Applications

Perfect for pneumatic tools, air compressors, and other air equipment.

Experience superior hose management with the OilShield All-In-One Reel

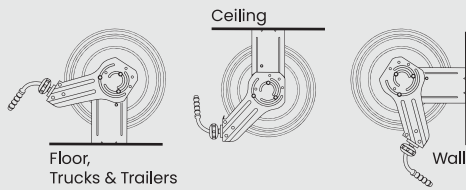

ALL-IN-ONE AIR HOSE REEL

The OilShield Rubber Air Hose Reel offers a compact, yet heavy-duty solution for all your air compression needs. The rubber hose provides exceptional flexibility and resilience, capable of handling high-pressure air delivery in a variety of settings. Its single-arm design enhances stability while ensuring smooth retraction, reducing hose wear and prolonging product life. This reel is weather-resistant and built to withstand wear and tear, making it an essential tool in workshops, garages, or industrial sites.

Mounting Options :

Additional Accessories Included

1/2" Socket Wrench

Included for convenient assembly and maintenance tasks

5-In-1 Coupler

Simplify hose connections with a versatile coupler accommodating different hose sizes

180° Swivel Mount

Enhance flexibility with easy positioning in various directions

Whisper-Quiet Technology

Experience a 15% noise reduction during hose retraction with Sshhh Tek Whisper Quiet Technology.

Slow Safety Rewind

Retract hoses at a controlled speed to minimize the risk of high-impact rewind.

Adaptable Design

Free Style Adaptability allows for easy adjustment of the guide arm's position with a full 225° range of motion.
