## Slayer Hybrid Pressure Washing Hose Reel

### TECHNICAL SPECIFICATIONS

- Product Type: Pressure Washing Hose Reel
- Hose: Hybrid Polymer
- Hose I.D.: 1/4"
- Length: 50 ft
- Working Pressure: 3500 PSI
- Burst Pressure: 10,500 PSI (3:1)
- Temperature Range: 25°F to 140°F (-4°C to 60°C)
- Reinforcement: Braided Polyester
- Reel Material: Heavy-Duty Steel
- Fittings: M22 Brass

### APPLICATIONS:

-  Auto-Detailing
-  DIY
-  Patio
-  Commercial
-  Garage Bays

Available  
Hose I.D. (in.): 1/4" (M22),

Available  
Hose Length (ft.): 35, 50, 100

## Slayer Hybrid Pressure Washing Hose Reel

The **Slayer Pressure Washing Hose Reel** is engineered for professionals who need power, control, and durability in every job. Built with a rugged steel frame and an integrated hybrid hose, it delivers zero-kink performance, smooth retraction, and uninterrupted high-pressure flow up to 3500 PSI. Designed for reliability and ease of use, it keeps your workspace organized while ensuring efficient, hassle-free operation across garages, workshops, and outdoor cleaning setups.

### Features :

- Heavy-duty steel reel for long-lasting durability
- Integrated hybrid pressure washer hose for flexibility & strength
- Zero-kink, zero-twist hose performance
- Smooth retraction for effortless handling
- Compact, space-saving design for organized work spaces
- High-pressure compatibility up to 3500 PSI
- Reinforced hose with braided polyester core
- Secure, leak-free M22 fittings
- Bend restrictors to reduce stress and extend hose life
- Designed for professional and DIY applications

LAYS FLAT  
ZERO MEMORY

NON-MARKING  
NO SCRATCHES

ZERO KINK  
ZERO TWIST  
MAX FLOW

### USP

The **Slayer Hose Reel** combines rugged reel strength with advanced hybrid hose flexibility, delivering a complete pressure washing solution that eliminates kinks, improves workflow, and ensures consistent high-pressure performance in every use.
